Low Voltage Wiring Tester

KT 210

KT 210 – Entry model with high performance

- ▶ Easy handling in stand-alone operation
- ▶ Automatic learning of golden samples
- ▶ Loading and saving of test programs
- ▶ Comprehensive result reporting
- ▶ Operation language selectable

- ▶ Up to 512 test points, expandable with test point units
- ▶ Low voltage tests up to 12 VDC / 10 mA
- ▶ Continuity test, short circuit test and component test

- ▶ Microsoft® network interface
- ▶ USB 2.0 interfaces
- ▶ 2 GB storage for test programs and result data (expandable)
- ▶ Remote maintenance via network

Perfect for stand-alone operation and for test consoles

The KT 210 is characterized by an outstanding price performance ratio and is especially optimized for the operation in connection with test consoles:

- ▶ Support of adapter LEDs
- ▶ Push-back test
- ▶ Assembly help during the manufacture of wiring harnesses
- ▶ Space saving design
- ▶ Interfaces for cutter, marker etc.

Ensuring of your product quality by system availability

The high reliability of the adaptronic test and adapter systems, our quick response service and more than 30 years of experience make a convincing contribution to the quality assurance of your products.
